Project Development Objectives

Project Development Objective (from Project Appraisal Document)

The objective of the project is to improve irrigation delivery, through rehabilitation and modernization of distribution infrastructure in selected schemes, and through strengthening of capacity of WUAs.

Has the Project Development Objective been changed since Board Approval of the Project Objective?

No

Components Table

Name

Component 1. Irrigation System Modernization:(Cost \$249.00 M)

Component 2. Innovation and Institutional Support:(Cost \$2.00 M)

Component 3. Project Management: (Cost \$3.00 M)

Overall Ratings

Name	Previous Rating	Current Rating
Progress towards achievement of PDO	Satisfactory	□Satisfactory
Overall Implementation Progress (IP)	Satisfactory	□ Moderately Satisfactory
Overall Risk Rating	□Moderate	□Moderate

Implementation Status and Key Decisions

The project is in its second year of implementation and is expected to last for additional five years until the official closing date of February 27, 2026. Despite some delays, the implementation progress to-date is *Moderately Satisfactory*. Construction works have commenced in Eregli-Ivriz and are expected to be launched for the three remaining schemes (Uzunlu, Atabey, and Alasehir) after the irrigation season in September 2021. The activities under Component 2 "Innovation and Institutional Support" are more advanced. The contract for the procurement of goods for the Irrigation Management Information System ("SUTEM") hardware and the contract for Afyon Bolvadin solar-powered groundwater pilot have been signed. The remaining contract for SUTEM software is in processes.

Eighty percent of the IBRD loan and 100% of the GEF grant is already committed. There was significant budget saving due to the lower actual contracted values than planned for the four contracted irrigation schemes. The overall disbursement level is about 7%, which is expected to pick-up

6/2/2021 Page 1 of 6

in the first and second quarter of FY22 (third and fourth quarter of 2021). The progress towards achievement of PDO is *Satisfactory* and the project is compliant with all relevant environmental and social safeguards.
