Subject: Co-finance for the UNDP-GEF Project, "Promoting sustainable energy access for rural communities in South-Eastern Angola "

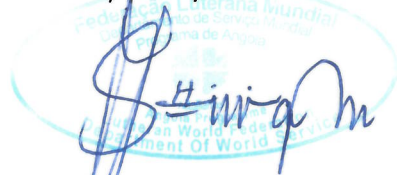

Dear Ms. Dinu,

This is to inform you that The Lutheran World Federation (LWF) is fully supportive of the forthcoming GEF6 project "Promoting sustainable energy access for rural communities in south-eastern Angola". This letter provides information on the level of co-financing that is expected to accompany this collaborative support.

Based on prior successes in financial resources mobilization, LWF is expected to mobilize a total grant of 500,000 USD during the UNDP-GEF project implementation period for complementary initiatives.

We take this opportunity in conveying once more the importance of the UNDP-GEF project in promoting rural energy access in the Province of Moxico that has one of the lowest rates of rural electrification in Angola, and to reiterate the full collaborative support of the LWF.

Sincerely yours,

Mr. Abrao Mushivi
National Coordinator – LWF/WS
Luanda, Angola
