Re: Confirmation of Co-financing and Support for the ADLIGHT Project

Dear Dr. Naoko Ishii,

It is a great pleasure to inform you our formal intention and commitment by supporting the Indonesia Government's Project Proposal to UNDP/GEF to fund the full-size project on the Advancing Indonesia's Lighting Market to High Efficient Technologies (ADLIGHT).

We allocated US\$4,167,300 in-kind as our co-financing inputs and active participation through various activities and technical working groups meeting, in order to manifest our cooperation to develop and subsequently implement the relevant ADLIGHT's project component.

We are looking forward to the commencement and successful implementation of this laudable project.

Sincerely,

Sugeng Mujiyanto  
Head of R&R Center
