Dear Dr.Naoko Ishii,

With this letter, we wish to confirm the formal intention and commitment of The Indonesian Electrical Lighting Industry Association (APERLINDO) to support the Government of Indonesia's Project proposal to UNDP/GEF for funding of the full-size project on Advancing Indonesia's Lighting Market to High Efficient Technologies (ADLIGHT) as it pursues the objective of improving energy efficiency projects and investment in Indonesia.

In order to manifest our cooperation to further develop and subsequently implement the ADLIGHT project, we allocated US\$5,000,000 (five million of the United States dollars) in equity as our co-financing inputs and active participation through various activities and technical working groups meeting regarding ADLIGHT project components which are very relevant to us.

We are looking forward to the commencement and successful implementation of this worthy project.

Yours sincerely,
