Dear Mr. Kurukulasuriya,

Subject: Co-financing letter for the project “Strengthening Montenegro’s Nationally Determined Contribution and Adaptation Activities Transparency Framework”

UNDP Montenegro is pleased to confirm a contribution through TRAC resources to support the implementation of the above-mentioned project in the amount of US\$ 40,000 over the four year period of the project’s implementation as grant contribution. US\$ 10,000 of UNDP’s contribution will be allocated to the project management component for each year of project implementation. These resources will complement the important investments the Government and the GEF grant towards the effective management of the project.

The project’s strategy is in line with the UNDP country programme document for period 2016-2020 that states the programme will support the formulation of a national climate change policy and effective compliance with international agreements.

UNDP looks forward to the approval of this project and its contributions as an important and strategic intervention in Montenegro’s development portfolio.

Please accept, Madam, the assurances of my highest consideration.
