

**Project: Low Carbon Development for Productivity and Climate Change Mitigation  
Through the TEST Methodology in Cambodia**

**Workshop on refreshing the TEST methodology and RECP assessments to be conducted  
in companies.**

**Project Management Unit from UNIDO and MISTI**

**Date: 23 of March 2023**

**Time: 02:00 – 05:30 p.m. Cambodia time**

**Workshop Report**

**Objective:**

The workshop aims to rehearse the TEST methodology and the scope of work of RECP assessments to be conducted by MISTI's technical team in companies to homogenize the understanding of the scope of work, clarify doubts and needs, and coordinate the next steps.

**Participants:**

- UNIDO's PMU
- MISTI's technical team (internal and external advisors).

**Description:**

The project will start implementing the second batch of demonstration companies applying RECP assessments in the framework of the TEST methodology. For this, MISTI provides a technical team that will perform as technical advisors to companies to conduct the assessments. The team is formed by MISTI professionals trained during the project's first phase on RECP and TEST introduction, plus professionals from the technical service provider, GMC, experienced in RECP and energy efficiency audits.

This workshop intends to be an opportunity to refresh the generalities on the TEST methodology, clarify the scope of work of a typical RECP assessment, and the specific needs that the TEST project in Cambodia has adopted, such as supporting tools, deliverables, and timeline. The expected result is a clear understanding of the next steps and expected achievements envisioned by MISTI and UNIDO from the demonstration projects in companies. Simultaneously, the workshop will help flag the team's needs that MISTU and the PMU should breach to ensure effective implementation.

**Modality:**

The workshop will be held on-line using the Zoom platform. Participants will receive the link with a passcode from UNIDO.

**Workshop on refreshing the TEST methodology and RECP assessments to be conducted in companies.**

**Project Management Unit from UNIDO and MISTI**

**Date: 23 of March 2023**

**Time: 02:00 – 05:30 p.m. Cambodia time**

**Agenda**

<b>TIME (ICT)</b>	<b>ITEM</b>
2:00 – 2:15 p.m.	<b>Welcome</b>  Mr. HOEUNG Kimsay, MISTI  Mr. REY Sopheak, PMU  <b>Introduction of participants</b>
