**Explanation for suspending project<sup>1</sup>:** Pursuant to an investigation launched by UNDP on the now closed project named "Development and Commercialization of Bioenergy Technologies in the Municipal Sector in Ukraine" (GEF ID 4377), out of an abundance of caution, UNDP has suspended the EEPB project until a full management review of the EEPB project is completed. The management review is expected to be concluded by September 2020 after which UNDP management (involving the UNDP - BPPS Global Environmental Finance Unit, Regional Bureau for ECIS and a new management team at the UNDP CO in Ukraine) will discuss with the GEF OFP/PFP to determine if (a) the project should continue (with a revised workplan), (b) the suspension should be extended until an ongoing OAI audit of UNDP and GEF resources is completed or (c) if the project should be cancelled as a result of such investigations. The undisbursed grant amount as of 31 March 2020 is US\$ \$2,533,110.
