## **RECOMMENDATION**

**Is the PIF/PFD recommended for technical clearance? Is the PPG (if requested) being recommended for clearance?**

### **Secretariat Comment at PIF/Work Program Inclusion**

1/14/2020: PPG is recommended for clearance. While at the moment the executing agency has not been selected, the GEF has been in contact with the agency regarding the selection process during the PPG phase, and we expect to continue to be informed.

The agency (UNIDO) is carrying out HACT assessments of potential executing agencies to select the appropriate entity for several child projects of this Global Program. The Government counterpart is the Ministry of Industry Energy and Mining (MIEM), which has agreed to work towards identifying a suitable executing entity. Potential entities under consideration are the National Development Agency, Administración Nacional de Combustibles, Alcoholes y Portland (ANCAP, state-owned oil company) and National Administration of Power Plants and Electrical Transmissions (UTE, electricity utility). The government has yet to formally nominate one of the short-listed entities, based on which a HACT assessment will be conducted to confirm their capacity/capability as an executing entity. The government-owned utilities have been considered as potential executing entities given that they follow public procurement and auditing procedures. In addition, ANCAP, the oil and gas utility, has been considered since it has technical capacities and is participating as a counterpart in the national power-to-x programme.
