Secretariat's Comments

03/06/2026

a) This PPG request has been selected by the CEO as part of the 5th GBFF selection round. It is recommended for technical clearance.

b)

- During project preparation, please clarify the IPLCs involved and their roles.
- Consider strengthening the co-financing.
- Please coordinate with projects GEF ID 10800 (PRO CARIBE) and ID 10211(BE CLME+) during PPG and ensure the CEO endorsement request clarifies the increment provided by this new GBFF project.
- Since submission, [GBFF guidelines on supporting actions by IPLCs](#) have been published. Please follow these guidelines carefully during PPG implementation, taking care to involve IPLC representatives in co-designing relevant components and including IPLC institutions identified by IPLCs themselves. The CEO endorsement request is expected to provide evidence that the reported dollar amount to support actions by IPLCs for biodiversity was calculated according to the guidelines.
- Since submission, the GBFF Council adopted a [new results framework](#) for the GBFF. Please note this project will be requested to transition to this new results framework at its next

best occasion, either the CEO endorsement request if submitted after July 1, 2026, or the first PIR. Please note that detailed guidelines for the new results framework will be release before July. New requirements include the provision of polygon data for the location of project interventions at CEO endorsement stage. In addition, projects' results frameworks are:

- encouraged to draw extensively in the headline, binary, component or complementary indicators of the [KMGBF monitoring framework](#) to better measure their contributions to the KMGBF goals and targets.
- requested, whenever feasible and relevant, to include indicators of biodiversity outcomes to complement and underpin the GBFF indicators.
