During PPG, please:

- coordinate with the Suriname child projects under the Amazon Sustainable Landscapes Program (ASL-2 and ASL-3, GEF ID 11205 and 10252) and the child project under GOLD+ (GEF ID 10615) . For ASL-2 and GOLD+, we note the geographies partially overlap, please ensure during project preparation that this new interventions complements the ASL-2 project. Please also explore collaboration so that this GBFF project can inform the approaches with IPLCs in the other geographies of the ASL program.

- consolidate targets on GEF core indicators and make every effort to capture project co-benefits on GEF core indicators, including climate mitigation co-benefits on Core indicator 6, following the Guidelines on the GEF-8 Results Measurement Framework (https://www.thegef.org/sites/default/files/documents/2022-09/Results_Framework_Guidelines_2022_06_30.pdf)

- confirm the amount of GBFF project financing dedicated to support actions by IPLC for the conservation, restoration, sustainable use and management of biodiversity. Please make sure that the CEO endorsement request document includes a justification with cross-reference to relevant project components and/or outputs that clarifies who will benefit and describes their role in the project.
