Project Design	<p>6. Is (are) the baseline project(s), including problem(s) that the baseline project(s) seek/s to address, sufficiently described and based on sound data and assumptions?</p>	<p>March 20, 2014</p> <p>No.</p> <p>First, please define the MCC accurately.</p> <p>Second, please specify in clear terms the relationship between the GEF grant and the MCC grant and the IADB loan with regards to the activities these resources are supporting and the proposed activities of the GEF grant. If the MCC and IADB loan are the baseline, the GEF grant should complement their activities, and this relationship must be better explained in the PIF.</p> <p>March 26, 2014</p> <p>Adequate revisions.</p>	
	<p>7. Are the components, outcomes and outputs in the project framework (Table B) clear, sound and appropriately detailed?</p>	<p>March 20, 2014</p> <p>No.</p> <p>Under outcome 1.2, we expect that the project will respond to the threats not just assess them in the seven PWII. Please clarify this and commit to developing threat reduction responses and indicators to measure success as part of the project design and during project implementation.</p> <p>Under outcome 1.4, please explain what is meant by "financial capacity". If the project means increased revenue by a certain percent then please simply use that language. We will not accept a</p>

		<p>simple increase in the UNDP Sustainable Finance Scorecard of the structural framework for PA sustainability.</p> <p>Under outputs 1.4.3, the project is making very large assumptions about revenue generation for wetland visitation that is not supported by any data or evidence that visitation is high enough to generate any significant revenue. Please provide supporting data that visitor entry fees will be significant based on the number of visitor per year to wetlands in El Salvador as wetlands are not high visitation areas. The project notes that one site in particular is "commonly visited". By whom and how many visitors per year? If capturing revenue from these visitors is the basis of the sustainable finance strategy for the project, the PIF should include a summary of how many visitors, foreign and national per year come to these sites, and how much revenue could be generated from charging them fair market value.</p> <p>Finally, the project also places a great deal of faith in PES schemes as another revenue generation mechanism, but this too is supported only by aspirational thinking and no real analysis. Furthermore, the project has not considered or incorporated guidance from STAP in the design and development of PES schemes. PES schemes have generated very little revenue for PA management costs globally, hence, the project must present</p>

		<p>some kind of supporting rationale why the project proponents believe that it has any chance to do so in these wetland sites. For a start, can the project identify who will be selling the ecosystem services and who will be buying them? Please revise this element of the PIF, and review the STAP guidance and elucidate how the PIF has incorporated this guidance.</p> <p>March 26, 2014</p> <p>Adequate revisions.</p>	
	<p>8. (a) Are global environmental/adaptation benefits identified? (b) Is the description of the incremental/additional reasoning sound and appropriate?</p>	<p>March 20, 2014</p> <p>Adequate, but improve this considerably by the time of CEO endorsement.</p>	
	<p>9. Is there a clear description of: a) the socio-economic benefits, including gender dimensions, to be delivered by the project, and b) how will the delivery of such benefits support the achievement of incremental/ additional benefits?</p>		
	<p>10. Is the role of public participation, including CSOs, and indigenous peoples where relevant, identified and explicit means for their engagement explained?</p>	<p>March 20, 2014</p> <p>Yes. Please expand upon the role of women and how gender considerations will be assessed during the PPG and incorporated into the project design.</p> <p>March 26, 2014</p> <p>Adequate revisions.</p>	

Review Criteria	Questions	Secretariat Comment at PIF (PFD)/Work Program Inclusion ¹	Secretariat Comment At CEO Endorsement(FSP)/Approval (MSP)
	11. Does the project take into account potential major risks, including the consequences of climate change, and describes sufficient risk mitigation measures? (e.g., measures to enhance climate resilience)	March 20, 2014 Yes.	
	12. Is the project consistent and properly coordinated with other related initiatives in the country or in the region?	March 20, 2014 No. As noted above, the PIF needs to explain more clearly the relationship of the GEF project to the MCC and IADB baseline projects that have been identified. In addition, the relationship of this project and the biodiversity mainstreaming project on tourism and fisheries also implemented by UNDP is not properly explained. Please improve. Finally, the PIF does not include what has been learned from the tourism/fisheries mainstreaming project and how these lessons are being incorporated into the project's design. Please include. March 26, 2014 Adequate revisions.	
	13. Comment on the project's innovative aspects, sustainability, and potential for scaling up. • Assess whether the project is innovative and if so, how, and if not, why not.	March 20, 2014 With improved design elements as suggested in this review, the project's sustainability and potential for scaling up will be enhanced.	

Review Criteria	Questions	Secretariat Comment at PIF (PFD)/Work Program Inclusion ¹	Secretariat Comment At CEO Endorsement(FSP)/Approval (MSP)
	<ul style="list-style-type: none"> Assess the project's strategy for sustainability, and the likelihood of achieving this based on GEF and Agency experience. Assess the potential for scaling up the project's intervention. 		
	14. Is the project structure/design sufficiently close to what was presented at PIF, with clear justifications for changes?		
	15. Has the cost-effectiveness of the project been sufficiently demonstrated, including the cost-effectiveness of the project design as compared to alternative approaches to achieve similar benefits?		
Project Financing	16. Is the GEF funding and co-financing as indicated in Table B appropriate and adequate to achieve the expected outcomes and outputs?	<p>March 20, 2014</p> <p>Yes.</p>	
	17. <u>At PIF</u> : Is the indicated amount and composition of co-financing as indicated in Table C adequate? Is the amount that the Agency bringing to the project in line with its role? <u>At CEO endorsement</u> : Has co-financing been confirmed?	<p>March 20, 2014</p> <p>Yes cofinance is adequate. Will UNDP bring any cofinance to the project? Please clarify.</p> <p>March 26, 2014</p> <p>Thank you for the clarification.</p>	
	18. Is the funding level for project management cost appropriate?	<p>March 20, 2014</p> <p>Yes.</p>	

Review Criteria	Questions	Secretariat Comment at PIF (PFD)/Work Program Inclusion ¹	Secretariat Comment At CEO Endorsement(FSP)/Approval (MSP)
	19. <u>At PIF</u> , is PPG requested? If the requested amount deviates from the norm, has the Agency provided adequate justification that the level requested is in line with project design needs? <u>At CEO endorsement/ approval</u> , if PPG is completed, did Agency report on the activities using the PPG fund?	March 20, 2014 Yes. Within norms.	
	20. If there is a non-grant instrument in the project, is there a reasonable calendar of reflows included?	March 20, 2014 NA.	
Project Monitoring and Evaluation	21. Have the appropriate Tracking Tools been included with information for all relevant indicators, as applicable?		
	22. Does the proposal include a budgeted M&E Plan that monitors and measures results with indicators and targets?		
Agency Responses	23. Has the Agency adequately responded to comments from:		
	• STAP?		
	• Convention Secretariat?		
	• The Council? • Other GEF Agencies?		
Secretariat Recommendation			
Recommendation at PIF Stage	24. Is PIF clearance/approval being recommended?	March 20, 2014 No. Please address all issues above and resubmit. Also please use the term biodiversity, instead of the made-up acronym "BD".
