Subject : Project Proposal On "Biodiversity Conservation and Sustainable Use of Medicinal Plants"

Dear Dr. Singh,

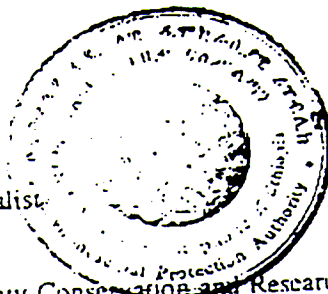

The Institute of Biodiversity Conservation and Research has submitted to EPA a project proposal on Biodiversity Conservation and Sustainable Use of Medicinal Plants.

As I have already stated on my endorsement letter of 25 Nov. 1998, Re. No/EP/GZ/10/181 for the Draft PDF Proposal of the same project, it is my pleasure to inform you that the Environment Protection Authority confirms its endorsement to this project proposal.

Once again, I would like to point out that the final project approval by the Government would be obtained upon the official submission of the Project Document to the Ministry of Economic Development and Cooperation.

Sincerely Yours,

Dawoldo Berhan Gebre Egziabher (Dr.)
General Manager
