May 12, 2016

Dear Council Member,

UNEP as the Implementing Agency for the project entitled: ***Global: UNEP-GEF Project for Sustainable Capacity Building for Effective Participation in the Biosafety Clearing House (BCH)***, has submitted the attached proposed project document for CEO endorsement prior to final Agency approval of the project document in accordance with the UNEP procedures.

The Secretariat has reviewed the project document. It is consistent with the project concept approved by the Council in May 2014 and the proposed project remains consistent with the Instrument and GEF policies and procedures. The attached explanation prepared by the UNEP satisfactorily details how Council's comments and those of the STAP have been addressed.

We have today posted the proposed project document on the GEF website at www.TheGEF.org for your information. We would welcome any comments you may wish to provide by June 10, 2016 before I endorse the project. You may send your comments to gcoordination@TheGEF.org.

If you do not have access to the Web, you may request the local field office of UNDP or the World Bank to download the document for you. Alternatively, you may request a copy of the document from the Secretariat. If you make such a request, please confirm for us your current mailing address.

Sincerely,

A handwritten signature in black ink, appearing to be 'Naoko Ishii', with a large, stylized flourish extending upwards and to the right. To the left of the signature is a handwritten 'P1'.

Naoko Ishii
