What's your take?  
Draft response?  
man

Dear Mr. Karlsson,

Ref: *"Establishing the Basis for Biodiversity Conservation at Sapo National Park and in the South-east Liberia"*

I present my compliments and refer you to the Project, *"Establishing the Basis for Biodiversity Conservation at the Sapo National Park and in the South-east Liberia,"* submitted by Fauna and Flora International. This project responds to Liberia's fulfillment of its obligation under the Convention on Biological Diversity, and will result in adhering to the Program of Work on Protected Areas Network and Ecological Corridors.

After a series of stakeholders' consultations, the project has now met their approval.

In view of the above, and in my capacity as GEF National Operational Focal Point, I hereby endorse the project and request the GEF to provide funding as set out in detail in the proposal.

This letter also serves to confirm that Fauna and Flora International as the Executing Agency should be the recipient of the grant for the above cited project.

Please accept the assurances of my high esteem and consideration.

Regards,

Very truly yours,

Fodee Kromah, PHD  
GEF OPERATIONAL FOCAL POINT AND EXECUTIVE DIRECTOR  
ENVIRONMENTAL PROTECTION AGENCY OF LIBERIA
