Dear Mr. Pinto:

In my capacity as GEF Operational Focal Point, I have the honour to endorse the submission of the project proposal, "Capacity Building for Expedited Financing of Phase II Climate Change Enabling Activities" on behalf of the Ministry of Physical Development and Environment.

This project will continue the first phase of implementation of commitments of the Government of Barbados to the UNFCCC. We believe the project will help Barbados in the process of transferring technologies suitable for adaptation, as well as aiding in capacity building for improving the climate observation systems in Barbados.

I would like to thank you for considering this project proposal and assisting in its submission to the GEF Secretariat.

Sincerely

**LEONARD NURSE**  
GEF Operational Focal Point  
Permanent Secretary  
(Environment)
