Dear Sir:

**Submission of GRENADA: Climate Change Enabling Activities  
(Additional Financing for Capacity building Priority Areas)**

The Government of Grenada fully endorses the proposal entitled, "GRENADA: Climate Change Enabling Activity (Additional financing for capacity building in priority areas)" and would appreciate if the National Communication Support Programme (NCSP) could take the necessary steps to ensure its prompt submission for consideration and approval by the Global Environmental Facility (GEF) Programme.

This Project was prepared by the National Climate Change Committee, Ministry of Finance, and is based on the findings of the Enabling Activity and further strengthens Grenada's ability to develop a structured and coherent response to climate change.

We thank you for your usual kind support.

Yours sincerely,

  
.....
