United Nations Development Programme
Private Mail Bag
Suva, Fiji

Dear Mr. Garcia:

I am pleased to submit for your kind consideration a project proposal for the GEF Medium-sized Project Scheme. The project entitled "Community Conservation and compatible Enterprise Development on Pohnpei, Federated States of Micronesia" will provide the State of Pohnpei and the local supporting agencies the needed support to successfully implement the State's on-going Pohnpei Watershed Program. The Pohnpei Watershed Program has now become a model project for the Pacific in the area of community involvement and resources management.

I would be most grateful to your kind support of this proposal.

Sincerely,

Carroll

**Re: GEF Medium-sized Upper Mustang Biodiversity Conservation
 Project (NEP-98-A02).**

Dear Mr. Karcher,

This is with reference to your letter of 22 March 1999 concerning the above-mentioned subject. In this connection, subject to detailed consultation on the full fledged project document prior to the final approval, Ministry of Finance as a GEF national focal point has decided to endorse the project proposal so as to facilitate its processing for GEF funding.

Regards,

Sincerely yours,

Hari P. Regmi
 Under Secretary

GEF China Green Lights Promotion Project

Dear Mr. Dennis Fenton:

The China Green Lights Program (CGLP) has become an important part of implementing the sustainable development strategy in China. The growth in China's lighting use, combined with the facts of its growing emissions level, require all potential actions to minimize the growth of energy demand and greenhouse gas emission. Therefore, we need support from GEF to fully capture the potential of energy efficiency in lighting to move the barriers such as poor quality, lack of information, etc., which will impede the expanding of energy efficiency lighting market in China. I believe that the proposed project, with the objective to reduce the GHG emission and achieve sustainable development in China, will also bring about global environmental benefits.

I would like to endorse this project and appreciate what you have done for this project.

Best regards.

Sincerely yours,

林颖
