Dear Mr. Sharma,

Subject : Endorsement of Proposed Project -“ Enabling Activities for the Preparation of Initial National Communication Related to the UN Framework Convention on Climate Change”

Reference is made to the above-mentioned subject. I have the pleasure to forward our full endorsement of the Proposed Project entitled, « Enabling Activities for the Preparation of Initial National Communication Related to the UN Framework Convention on Climate Change».

Indeed, the proposed project would enable Rwanda to prepare the Initial National Communication in accordance with Articles 4.1 and 12.1 (a), (b) and (c) of the Convention. Furthermore, the project shall go a long way to provide urgently needed information on Rwanda's current and future needs to address the adverse impacts of climate and to join the global efforts to mitigate problems of global warming, particularly in the areas of capacity-building and technology transfer.

We look forward to your favorable consideration of the proposed project, and hope to receive feed-back at your earliest.

Sincerely Yours.
