Re: Endorsement for National Adaptation Programme: Developing Core Capacity to Address Adaptation to Climate Change in Tanzania in productive Coastal Zones.

Kindly refer to the above mentioned subject.

In my capacity as GEF Operational Focal Point for Tanzania, I confirm that the above project proposal (a) is in accordance with the government's national priorities, including, if available, the priorities identified in the National Adaptation Programme of Action (NAPA), and the commitments made by Tanzania under the relevant global environmental conventions and (b) has been discussed with relevant stakeholders, including the UNFCCC Focal point, in accordance with GEF's policy on public involvement.

Accordingly, I am pleased to endorse the preparation of the above project proposal with the support of UNEP. If approved, the proposal will be prepared and implemented by the Vice President's Office – Division of Environment. Further, I request UNEP to provide a copy of the project document for our reference and record before it is submitted to the GEF Secretariat for CEO endorsement.

I understand that the total GEF financing being requested for this project is USD 3,520,000, inclusive of project preparation (PPG), if any, and Agency fee (10%) to UNEP for project cycle management services associated with this project.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'E.K. Mugurusi', written over a horizontal line.

E.K. Mugurusi
Director of Environment, Vice President's Office
and GEF Operational Focal Point
