Dear Mr. Glemarec,

Subject: Endorsement for Promoting Energy Efficiency in Commercial Buildings in Thailand (PEECB)

Please refer to our letter dated 8 October 2008, informing that the project titled "Promoting Energy Efficiency in Hotels, Hospitals and Public Housing in a Livable City Context" has been endorsed. This project title has been revised to be "Promoting Energy Efficiency in Commercial Buildings in Thailand (PEECB)" and the Department of Alternative Energy Development and Efficiency (DEDE), Ministry of Energy of Thailand, will fulfil its function as implementing agency.

In my capacity as GEF Operational Focal Point for Thailand, I confirm that the above project proposal (a) is in accordance with the government's national priorities and the commitments made by Thailand under the relevant global environmental conventions and (b) has been discussed with relevant stakeholders, including the global environmental convention focal points, in accordance with GEF's policy on public involvement.

Accordingly, I am pleased to endorse the preparation of the above project proposal with the support of UNDP. If approved, the proposal will be prepared and implemented by DEDE. Further, it would be highly appreciated if UNDP could provide a copy of the project document for reference and review before it is submitted to the GEF Secretariat for CEO endorsement.

/I understand...
