<b>Subject</b>	<b>MFA OP#9 Reduction of Environmental Impact from Tropical Shrimp Trawling, through the Introduction of By-catch Reduction Technologies and Change of Management</b>	Page 1 of 1

Please find attached for final CEO approval the project entitled "Reduction of Environmental Impact from Tropical Shrimp Trawling, through the Introduction of By-catch Reduction Technologies and Change of Management" which was included in the GEF Work programme at the November 2000 Council meeting.

All relevant comments received from reviewers and other parties were incorporated in the Document. Specifically: The comment received from France was addressed by incorporating in the ProDoc of a new activity of developing the guidelines and manuals for applying new techniques including the shrimp fisheries certification.

Regards.
