Re: Letter of endorsement for the project on the Elaboration of national reports and country profiles by African Parties to the UNCCD

Dear Mr. Diallo,

As the operational focal point of the Global Environment Facility (GEF), I would like to confirm that the project request entitled "Elaboration of national reports and country profiles by African Parties to the UNCCD" is hereby endorsed by Mozambique.

This request, related to the implementation of decision 9 adopted by the sixth session of the Conference of Parties (COP6) entitled "Programme of work of the third session of the Committee for the Review of the Implementation of the Convention (CRIC3), will contribute to the in-depth preparation of CRIC3 which will review reports on implementation of the UNCCD submitted by African country Parties.

The funding will allow us to establish a national level dialogue and involve relevant stakeholders in order to finalize the national report and country profile, to be submitted by 31 May 2004 latest. The proposal and the activities it seeks to undertake are hereby confirmed and recommended for funding.

Operational Focal Point for Mozambique and National Director for Environmental Management
