Dear Mr. Glemarec,

**Subject: Endorsement for Integrated Community-Based Forest and  
Catchment Management through an Ecosystem Service  
Approach (CBFCM)**

Please refer to our endorsement letters dated 12 October 2007 and dated 8 October 2008 of the projects "Conservation and Sustainable Use of Wetlands Biodiversity in Thailand" and "Community-Based Forest Management for Sustainable Livelihoods" respectively. I would like to endorse the project "Integrated community-based Forest and Catchment Management through an Ecosystem Service Approach (CBFCM)" which merged from the above two projects.

In my capacity as GEF Operational Focal Point for Thailand, I confirm that the above project proposal (a) is in accordance with the government's national priorities and the commitments made by Thailand under the relevant global environmental conventions and (b) has been discussed with relevant stakeholders, including the global environmental convention focal points, in accordance with GEF's policy on public involvement.

Accordingly, I am pleased to endorse the preparation of the above project proposal with the support of UNDP. If approved, the proposal will be prepared and implemented by the Regional Environment Offices (REOs) and the Office of Natural Resources and Environmental Policy and Planning (ONEP). Further, it would be highly appreciated if UNDP could provide a copy of the project document for reference and review before it is submitted to the GEF Secretariat for CEO endorsement.

/ I understand...
