CEO and Chairperson

March 14, 2018

Dear Council Member:

IUCN as the Implementing Agency for the project entitled: *Regional (Cambodia, Lao PDR, Myanmar): Sustainable Management of Peatland Ecosystems in Mekong Countries*, has submitted the attached proposed project document for CEO endorsement prior to final approval of the project document in accordance with IUCN procedures.

The Secretariat has reviewed the project document. It is consistent with the proposal approved by Council in April 2016 and the proposed project remains consistent with the Instrument and GEF policies and procedures. The attached explanation prepared by IUCN satisfactorily details how Council's comments and those of the STAP have been addressed. I am, therefore, endorsing the project document.

We have today posted the proposed project document on the GEF website at www.TheGEF.org. If you do not have access to the Web, you may request the local field office of UNDP or the World Bank to download the document for you. Alternatively, you may request a copy of the document from the Secretariat. If you make such a request, please confirm for us your current mailing address.

Sincerely,

Naoko Ishii
Chief Executive Officer and Chairperson
