Subject: UNDP/GEF Project „Integrated Ecosystem Management in Northern Bohemia“

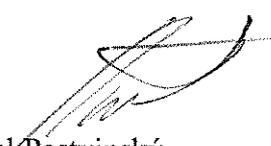

Dear Mr. Slay,

This letter expresses the endorsement of the Government of the Czech Republic for the proposed submission to the GEF for the project entitled „Integrated Ecosystem Management in Northern Bohemia“.

The project addresses an area that is one of the priorities in the Czech Republic. The project will also support the commitments made by the Czech Republic as a party to the Convention on Biological Diversity, which was ratified in December 1993, as well as to other biodiversity related conventions and agreements.

We look forward to co-operating with you on the development of this project.

Yours sincerely,

Michal Pastvinský

Director

GEF National Focal Point
