Maputo, 25<sup>th</sup> April of 2002

**Re: Request for assistance – National adaptation Programs of Action (NAPA)**

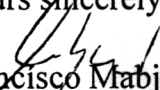

Dear Madan

On behalf of the Government of Mozambique, and in my capacity as Global Environment Facility (GEF) political Focal Point, I request UNDP's assistance to develop a National Adaptation programs of Action (NAPA) proposal for Mozambique. This proposal would assist the country in preparing national adaptation programs of action to address urgent and immediate needs and concerns related to adaptation to adverse effects of climate change.

We look forward to working with UNDP in developing the NAPA proposal.

Best regards.

Yours sincerely

  
Francisco Mabjaia

Vice – Minister for Coordination of Environmental  
Affairs and Political focal Point for (Country)

**Mrs. Maryléne Spezatti**  
**Resident Representat**  
**UNDP, Mozambique**
