Subject	CC: Enabling activities to facilitate the preparation of a National Adaptation Plan of Action (NAPAs) for Tanzania	Page 1 of 1

Dear All,

Please find attached a National Adaptation Plan of Action proposal for Tanzania for submission to GEF, including the endorsement letter from the GEF National Focal Point. Tanzania has no specific person nominated as the UNFCCC focal point, and the Department of Environment within the Vice-President's office acts as the climate change focal point. Since the same department is also the GEF focal point, no need was felt to get a second endorsement letter.

We would appreciate receiving your comments by 24 January 2003.

Regards.
