Dear *Madam*,

**Re: National Capacity Needs Self-Assessment for Global Environmental Management (NCSA)**

In my capacity as Global Environment Facility (GEF) operational focal point for ALBANIA, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environmental Management (NCSA) through the United Nations Development Programme.

Pursuant to the NCSA Operational Guidelines, the focal points for climate change, biodiversity and land degradation/desertification have been fully consulted and their views taken into account in the formulation of this proposal.

ALBANIA considers the NCSA to be an important and valuable exercise in our ongoing efforts to protect the global environment while working to achieve our national sustainable development goals. We look forward to your kind consideration in this matter.

Sincerely,

  
Pellumb ABESHI  
GEF Operational Focal Point  
Ministry of Environment of Albania
