Dear Sir,

Subject: Endorsement of National Capacity Self Assessment (NCSA) for Global Environment Management

In my capacity as Global Environment Facility (GEF) operational focal point for Cape Verde, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environmental Management (NCSA) through the United Nations Development Programme.

Pursuant to the NCSA Operational Guidelines, the comparable responsible officials for climate change, biodiversity and land degradation/desertification have been fully consulted and their views taken into account in the formulation of this proposal.

Cape Verde considers the NCSA to be an important and valuable exercise in our ongoing efforts to protect the global environment while working to achieve our national sustainable development goals.

Sincerely,

Marta Ivone Andrade Lopes

GEF Operational Focal Point, Cape Verde
