Subject: *GEF Project National Capacity Self Assessment for Global Environmental Management (NCSA) - LETTER OF ENDORSEMENT*

Dear Mr. Pinto:

In my capacity as Global Environment Facility (GEF) operational focal point for the Czech Republic, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environmental Management (NCSA) through the United Nations Development Programme.

Pursuant to the NCSA Operational Guidelines, the focal points for climate change, biodiversity and land degradation/desertification have been fully consulted and their views taken into account in the formulation of this proposal.

Our country, represented by the Ministry of the Environment considers the NCSA to be an important and valuable exercise in our ongoing efforts to protect the global environment while working to achieve our national sustainable development goals.

I look forward to co-operating with you on the development of this project.

Yours sincerely,

Michal Pastvinský
