Dear Mr. Frank Pinto,

In accordance with the legislation of the Republic of Kazakhstan and request of Global Environment Facility (GEF) operational focal point for Kazakhstan, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environmental Management (NCSA) through the United Nations Development Programme.

Within the process of applications preparation points of view of the coordinators for climate change, biodiversity and desertification were taken into account.

Republic of Kazakhstan considers the NSCA as an important and valuable exercise in our ongoing efforts to protect the environment while working to achieve our national sustainable development goals.

Sincerely yours,

Vice – Minister

A. Dunaev
