Tripoli-Libya

Subject: Endorsement.

Dear Sir,

In my capacity as Global Environment Facility (GEF) political focal point for Libya, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environmental Management (NCSA) through the United Nations Development Programme.

Pursuant to the NCSA Operational Guidelines, the focal point for climate change, and the comparable responsible official for biodiversity and land degradation/desertification have been fully consulted and their views taken into account in the formulation of this proposal.

Libya considers the NCSA to be an important and valuable exercise in our ongoing efforts to protect the global environment while working to achieve our national sustainable development goals.

Sincerely,

Ehtuish F. Ehtuish

General Peoples Congress

Secretary for Resources, Environment and Urban
Planning and GEF political focal point.
