Dear Sir,

In my capacity as Global Environment Facility (GEF) operational focal point for the Republic of Moldova, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environmental Management (NCSA) through the United Nations Development Programme.

Pursuant to the NCSA Operational Guidelines, the focal points for climate change, biodiversity and land degradation/desertification have been fully consulted and their views taken into account in the formulation of this proposal.

Republic of Moldova considers the NCSA to be an important and valuable exercise in our ongoing efforts to protect the global environment while working to achieve our national sustainable development goals.

Sincerely,

**Igor Zaporozhan,
Head of Technical Assistance Unit,
GEF Operational Focal Point**
