Executive Coordinator, GEF

United Nation Development Programme

Dear Sir,

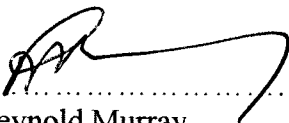

**Endorsement of National Capacity Self Assessment  
(NCSA) for Global Environment Management**

In my capacity as Global Environment Facility (GEF) operational focal point for St. Vincent and the Grenadines, I hereby endorse the enclosed proposal to access GEF funding to conduct a National Capacity Self Assessment for Global Environment Management (NCSA) through the United Nations Development Programme.

As GEF Focal Point for Climate Change, Biodiversity and Desertification, I was an integral part of the project development in keeping with the NCSA operational guideline. Additionally, all relevant stakeholders shared in the discussion and process leading to the final project document.

St. Vincent and the Grenadines considers the NCSA to be an important and valuable exercise in our ongoing efforts to protect the global environment while working to achieve our national sustainable development goals.

Sincerely,

.....  
Dr. Reynold Murray  
GEF Focal Point
