**Objet:** Endossement du projet de « Renforcement des capacités et d'Assistance technique pour la mise en œuvre des Plans nationaux de mise en œuvre de la Convention de Stockholm, dans les PMA africains »

Madame la Présidente Directrice Générale,

En ma qualité de Point Focal Opérationnel du FEM pour la République de Guinée, je confirme que la proposition de projet ci-dessus: (a) est conforme aux priorités nationales et à l'engagement de la République de Guinée vis-à-vis des conventions environnementales internationales pertinentes et (b) a été discutée avec les principales parties prenantes, y compris les points focaux des conventions environnementales couvertes par le FEM, conformément à la politique du FEM sur la participation publique.

En conséquence, j'ai le plaisir d'endosser les objectifs et stratégies du programme ci-dessus mentionné et exprimer notre engagement à participer à ce programme.

A cet égard, j'endosse toutes les propositions de projets relatifs à ce programme et pour lesquelles les allocations financières seront clairement indiquées.

Veuillez agréer, Madame la Présidente Directrice Générale, l'expression de ma considération distinguée

N° 320 -08/MEEFT/SG/DGEEF/DDRE

**OBJET :** Requête de financement

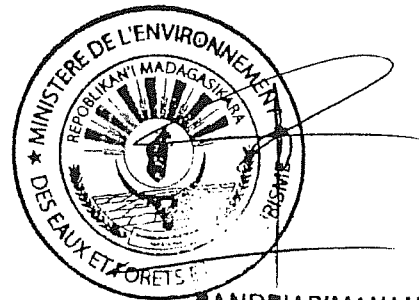

Monsieur Le Directeur Général,

Madagascar a ratifié la Convention de Stockholm sur les Polluants Organiques Persistants ( POP) en Aout 2005. L'objectif de cette Convention est de protéger la santé humaine et l'environnement aux effets de ces POP. L'élaboration du Plan National de Mise en œuvre ( PNM) de cette convention a pu être réalisée grâce au soutien financier du PNUE. Ce PNM englobe les actions prioritaires à réaliser pour chaque catégorie des POP en vue de réduire sinon d'éliminer les effets néfastes de ces produits dangereux sur la santé humaine et l'environnement.

Toutefois, la réalisation de ce plan requiert d'importants investissements qui ne peuvent pas être supportés par les seules ressources du pays. En effet, nous apportons pour la réalisation des activités la structure d'intervention et les ressources humaines. Par contre les ressources financières propres s'avèrent insuffisantes pour supporter les dépenses.

Ainsi, mon Département sollicite l'appui financier et l'assistance technique de votre organisme pour la mise en œuvre de ce plan en vue d'atteindre l'objectif de la Convention d'une part et d'acquitter les obligations de notre pays envers la convention d'autre part.

Dans l'attente d'une suite favorable de votre part, veuillez agréer, Monsieur Le Directeur Général l'expression de mes salutations distinguées.

**Objet :** *Requête du Togo pour participer au Projet  
Régional de développement des mesures pour les pays de la  
CEDEAO afin de promouvoir la mise en œuvre des  
BAT/BEP*

**Monsieur le Responsable,**

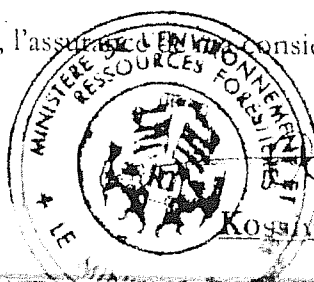

L'honneur d'exprimer, auprès de votre Institution, l'intérêt du Togo à prendre part au projet régional de développement des mesures pour les pays de la CEDEAO afin de promouvoir la mise en œuvre des BAT/BEP dans certaines industries faisant usage du concept de production propre qui est en cours de développement au Ghana sous la supervision technique de l'ONUDI.

Le Togo étant un pays en voie de développement, il y existe un certain nombre d'unités industrielles émergentes qui nécessitent un renforcement de capacités afin de répondre autant que possible aux exigences internationales en matière de qualité et de respect des standards environnementaux.

Parmi elles, certaines sont assez avancées dans le processus de mise en œuvre des BAT/BEP. C'est le cas de la Société NIOTO spécialisée dans la fabrication des huiles de consommation à partir des graines oléagineuses. La participation de cette Société au projet lui permettra de renforcer davantage ses capacités afin de répondre aux exigences qualitatives et environnementales internationales en vigueur.

Je vous remercie par avance pour toute l'attention que vous portez à ma requête afin de permettre au Togo de contribuer aux efforts internationaux de réduction des gaz à effet de serre et atténuer les effets néfastes des changements climatiques et les impacts des émissions nocives sur la santé humaine et l'environnement.

Veuillez agréer, **Monsieur le Responsable**, l'assurance de ma haute considération distinguée.

**Kossivi AYIKOE**
